

Please be informed that we will be switching to Telegram for communication with clinics with effect from 13 Apr. Kindly download & install the apps in your mobile devices.

Telegram

<https://play.google.com/store/apps/details?id=org.telegram.messenger>

- **Android devices (Samsung, Huawei, & etc)**

1. Goto **Google Play Store** icon

2. Sear for the **Telegram** app

3. Click **Install**.

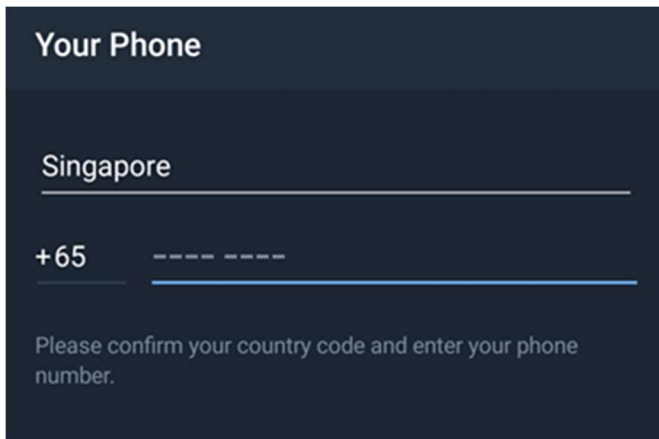

4. Once the installation is complete, press the **Start Messaging** button.

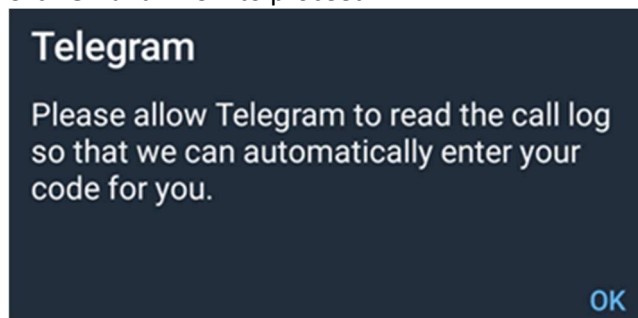

5. You will be prompted with permission for Telegram to receive calls. Click **OK** and **Allow** to proceed.

6. In the window that will appear you must enter your phone number.

7. You will be prompted with permission for Telegram to read call log. Click **OK** and **Allow** to proceed.

8. Enter the OTP code that was sent to your mobile.

9. You will be prompted with permission for Telegram to access your contacts. Click **NOT NOW** to proceed.

10. Finally provide us your **Mobile Number** and **Clinic Name** for us to contact you.

- **iOS devices (iPhone)**

1. Goto **App Store** icon

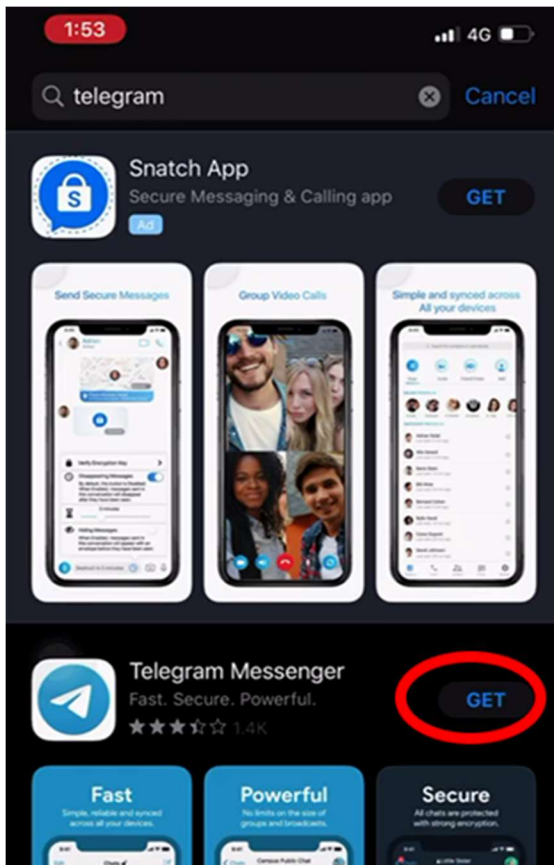

App Store

2. Sear for the **Telegram** app

3. Click **GET** to install the program.

4. Once the installation is complete, click **OPEN**.
5. You will be prompted to enter **Your Phone Number**

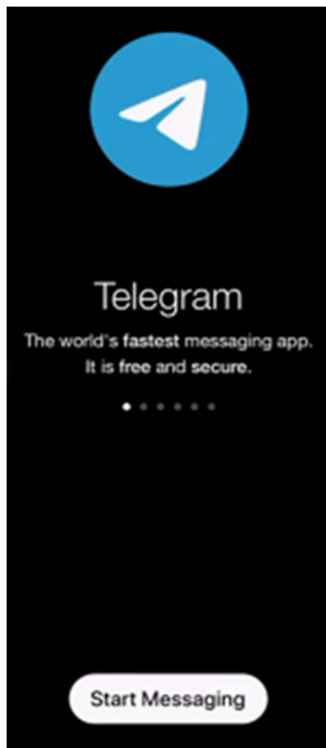

6. Enter the **OTP** code (One-Time-Pin) sent to you.

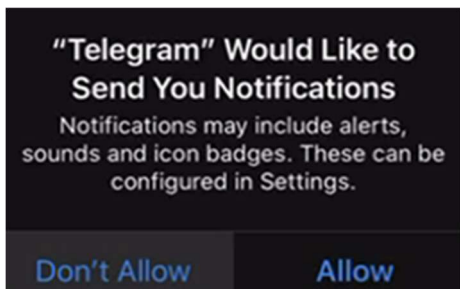

7. Enter your Clinic Name in the **First Name** field.

8. Press the **Start Messaging** button.

9. You will be prompted with permission for access rights. Click **Don't Allow** to proceed.

10. Installation completed

11. Finally provide us your **Mobile Number** and **Clinic Name** for us to contact you.
